

St James CE Primary
School Sports Premium
Spending

1st September 2021 to 31st August 2022

What is the Sports Premium?

The Government has provided funding of £150 million per annum since 2013 to ‘provide new, substantial primary school sport funding’. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

Sports Premium is focused on improving the quality and breadth of PE and sporting provision for all pupils. The proposal includes recommendations to develop initial teacher training and continual professional development to make a sustained impact on the quality of physical education. A priority must be to develop the teaching skills of non-specialist teachers to create dynamic and enjoyable experiences for children.

Sport Premium Allocation

Funding for schools is calculated by the number of primary-aged pupils (between the ages of 5 and 11) as of the annual schools census in January. In each year all schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil. This means St James’ are likely to receive £17,790 for the year 2021-2022.

Sport Premium Spending

The Governors agree that the money must be used so that: all children benefit regardless of sporting ability; that the most able children are given the opportunity to compete in advanced tournaments; that staff have access to training opportunities and continued professional development. The Sports Premium is used to develop or add to the PE and sport activities we already offer and to build capacity and capability within the school to ensure improvements made now, will benefit pupils joining the school in future years. Spending is considered in line with 5 key indicators that school should expect to see improvements across.

Provision

We have decided to spend the Sport Premium Grant 2021-22 in the following ways:
